

BSBSTR401 - Promote innovation in team environments

Practical Assessment

Task 1 – Create an Innovative Team environment

On at least **two (2) occasions** assist a team to create an innovative team environment.

In the process, you must outline and demonstrate how you:

- encourage others to contribute to innovation
- identify ways of working
- implement and communicate improvements
- plan and schedule activities
- reflect on activities, feedback and challenges to identify improvement options
- model open and respectful communications
- contribute to the make-up and rules of the team.

Task 2 – Evaluation (Written Report)

For each of the two (2) innovations, carried out from Task 1, Write a Evaluation of you innovation ideas and promotion.

In your evaluation you should:

- Identify what criteria could be used to review successful innovation in the workplace
- Outline the innovation successes you implemented within your own workplace
- Reflect on implemented innovation ideas, what worked, what didn't, how could you modify / improve it further ?
- What methods could be used to seek and respond to feedback from relevant stakeholders to generate discussion and identify improvements in promoting innovation
